Beyond the Surface — Stories, Craft & People

A QUARTER OF GROWTH

Progress That Moves Us Forward

Q2 FY27 recorded 12.3% year-on-year sales growth over Q2 FY26, reflecting our continued progress and collective commitment to building a stronger business.

THE ART OF ENGAGEMENT

Creating Connections, Crafting Experiences

A NEW EXPRESSION OF STAINLESS STEEL

18 media features. One evolving perception.

The Arttd'inox festive collection received 18 media features across leading lifestyle and gifting platforms. The coverage reflects a growing appreciation of stainless steel not just for its performance, but also for the way it shapes contemporary homes, celebrations, and thoughtful gifting.

AN EVENING AT TAJ FALAKNUMA | HYDERABAD

Hosted by **Mrs. Deepika Jindal**, an exclusive high tea and product showcase introduced our brand to an invited audience in an exceptional setting where design met hospitality.

WHERE CELEBRATIONS MEET DESIGN

The Wedding Collective & The Wedding Diaries | Mumbai and Kolkata

Our participation strengthened brand visibility and connected our offerings with audiences looking for distinctive gifts for life's special celebrations.

THE DESIGN STORY

Dancing Doll: When Culture Takes Centre Stage

"The Dancing Doll Collection was born from a mesmerizing dance performance that left a lasting impression on me. As I watched the dancers embody different postures, emotions, and expressions, I was inspired to capture that spirit in a tangible form. What began as admiration for the beauty of movement evolved into a playful and expressive tableware collection, celebrating the joy, rhythm, and elegance of dance."

A concept by
Vallabh Rasttogi

What happens when India's vibrant dance traditions inspire everyday objects? The Dancing Doll Collection offers an answer.
Inspired by the expressive movements, distinctive costumes, and cultural richness of Indian classical and folk dances, the collection transforms heritage into contemporary tableware.
The Cutlery Caddy captures the dramatic character of Kathakali, while the Manipuri Snack Jars reinterpret traditional elegance through sculptural forms. Skirt-inspired lid motifs, crafted using repousse and chasing techniques, draw inspiration from Rajasthan's Terah Taali dance tradition.
Each piece translates cultural expression into functional art, bringing together storytelling, craftsmanship, and contemporary design.
More than tableware, Dancing Doll celebrates India's cultural spirit—one thoughtfully crafted piece at a time.

MADE WITH PURPOSE

Where People, Safety & Progress Come Together

Excellence is built into the everyday—in the care we take, the improvements we make, and the people who bring our operations to life.

A Visit That Reinforces Our Vision

We were pleased to welcome our Managing Director, **Abhyuday Jindal**, to the Pathredi plant.
During his visit, he reviewed product categories and plant performance across key parameters, including revenue, OTIF, and safety. He also toured the new powder-coating facility and interacted with the team to understand its capabilities and operations.
The visit offered an opportunity to reflect on our progress, recognise our capabilities, and reinforce our commitment to operational excellence and continued growth.

Honouring the Hands That Create

Our plants celebrated Vishwakarma Pooja, honouring the tools, skills, and people at the heart of our work.
The traditional puja was followed by games, team activities, and rewards—bringing moments of joy and camaraderie beyond the everyday workplace.
It was a reminder that behind every product and every achievement are the hands, minds, and people who make it possible.

A Healthier Workplace

Health check-up camps at Pathredi and Rohad supported preventive healthcare for employees. The ESI-led camp at Pathredi also included free medicine distribution.

THE EVERYDAY EXTRAORDINARY

Your baggage has a journey of its own. And we're part of it.

Ever wondered about the stainless steel systems that surround your baggage as it moves through an airport?

From check-in counters to baggage reclaim, Jindal Lifestyle manufactures stainless steel cladding and equipment for airport baggage-handling systems, including:

- Check-in cladding
- Reclaim carousel cladding
- Power curve cladding
- Carousel and conveyor cladding
- Tipping equipment

Designed for demanding airport environments, our solutions combine functionality with the durability and aesthetics of stainless steel.
At Jindal Lifestyle, we help shape the infrastructure that keeps airport journeys moving, even when we're behind the scenes.
So, next time you're at an airport, look beyond the flight information screens. Look around the check-in counters and baggage carousels. You might just spot Jindal Lifestyle at work!

PEOPLE WHO MOVE US

Because Every Success Story Has a Team

One Vision, Shared Goals

The JLL Business Meet and ₹1,000 Cr Strategy Lab brought teams together to exchange ideas, review priorities, and develop action plans through cross-functional feedback. The outcome was more than planning—it was a renewed commitment to accountability, collaboration, and the shared ambition of One. The event also celebrated excellence, with various teams being recognized and rewarded for their outstanding contributions and achievements.

Learning That Moves Us Forward

- Technical training covered hydraulics, SAP, Excel and SolidWorks, while functional programmes strengthened business acumen, manufacturing knowledge and Strategic Key Account Management.
- Hisar plant visits gave new joiners practical exposure to manufacturing operations.
- POSH awareness training conducted at Corporate and Rohad to reinforce workplace awareness and compliance.

Celebrating Our People

Recognition remained an important part of our culture this quarter:

30 Instant Appreciation Cards | **28** Employee of the Quarter Awards | **54** Kaizen Awards for workplace improvements

From the Shop Floor to the Corporate World

Puneet Sachdeva
Senior Manager
-Sales

"My journey from the shop floor to the corporate office has been truly transformational. Each role has challenged me to step outside my comfort zone, learn new skills, and adapt to different business environments.

From understanding manufacturing processes and operational excellence to engaging with global customers and driving business growth, every transition has broadened my perspective and strengthened my capabilities.

The trust placed in me by the management to take on diverse responsibilities across Product Development, Production, Planning, and Sales has been the biggest enabler of my professional growth."

Learning, Growing, and Finding My Way

Hritinjya Gupta
Associate Manager
–Purchase

"When I stepped into the corporate world right after college, everything felt unfamiliar and overwhelming. There were moments when I questioned myself and even thought about giving up. But instead of quitting, I chose to keep learning, push my boundaries, and trust the process.

With the constant support and guidance of my colleagues and managers, I gradually found my place in the corporate world. Today, as I look back on my journey at Jindal, every challenge feels worth it because it shaped me into a better professional and a stronger person.

It truly proved one thing: You never lose until you quit."
